International Conference
Pediatric Gastroenterology, Hepatobiliary, Transplant & Nutrition:
Controversies and Consensus - New Dimensions to Explore
February 11 - 14, 2016

National Symposium on
“Integration of Indian Medicinal System into Modern Medicine”
February 11, 2016

Supported by

Venue: Nims University, Jaipur, Rajasthan, India
It is my immense pleasure and honor to cordially invite you to participate in National Symposium on “Integration of Indian Medicinal System into Modern Medicine” – An approach by AYUSH” to be organized by society of Pediatric Gastroenterology, Hepatology, Transplant and Nutrition (SPGHTN) at Nims University at Jaipur, Rajasthan, India on February 11th, 2016. The aim of this workshop is to illuminate the time-tested knowledge of Ayurveda with up to date insights from modern science. This scientific workshop program will to embark upon promoting ayurvedic research in area of Hepatology, Gastroentrology, Transplant and Nutrition so as to bring the credibility and respect that ayurvedic medicine rightly deserves.

Leading ayurvedic practitioners and researchers from around the world will come together to show case scientifically verified solutions to today’s problems in the fields of individual and public health. All health professionals wishing to expand the scope and effectiveness of their medical practice are invited to join this workshop to gain insights for improving the health care systems and reduce the treatment cost.

We are looking forward to welcome you on 11th February 2016.

Sincerely yours,

PROF. (DR.) BALVIR S. TOMAR
President SPGHTN-2016
“Integration of Indian Medicinal System into Modern Medicine”

The aim and basic idea of this symposium to integrating allopathy with ayurveda is to explore anything and everything from these medicine systems for the benefit of patient and to include in the mainstream medicine to expand the already existing therapeutic armamentarium for new challenges of the modern world. Prioritizing allopathy over ayurveda is similar as a warrior carrying only sword, but not the shield. This shield in healthcare system is provided by ayurveda, which mainly aims at prevention of the disease before it occurs. Prophylaxis in allopathy is only limited to either vaccination, where specific cause for infection is known or through periodic physical examinations, which again only aims to diagnose the disease at early stage and prevent its complication but does not target prevention of the disease occurrence. Hence, amalgamation of the two systems will assure both shield and the sword with the warrior, which is very important and necessary to create a healthy society. Collaboration of rich traditional ayurvedic therapy with evidence-based medicine system will also be able to assure all aspects of health along with appropriate diagnosis and safe management of acute as well as chronic diseases. Judicious combination of both the systems had been also found to show sustained improvement in health, requirement of smaller doses of medicine, or medicine-free treatment after some time. This amalgamation would utilize ayurveda's 'vision' to explore not just how to avoid disease but also how to proactively develop and maintain a healthy state.

Identifying, exploring and verifying various ayurvedic concepts by modern medicine are already helping healthcare systems grow better and wider. Ayurveda emphasizes the treatment of disease in highly individualized manner as it believes that every individual is unique in having different constitution. The concept of ayurveda has given a vision to the scientists to study the genetic makeup of a person deeply to mark an individual susceptible for predisposition to any disease, prediction of disease prognosis and also to govern the choice of therapy. Connection of phenotypic features with genotype can develop as 'personalized medicine' if two medicine systems work together. Similarly, nano drug particles are a recent thrust for scientific research for their rapid and targeted action.

There is an urgent need for allopathic and ayurvedic practitioners to work together and develop an understanding of the diverse healing traditions and enhancing the communication skills in order to optimize the risk benefit profile of the medicines. An intermediator is required at this early stage of amalgamation who can mutually understand both the traditional and modern sciences to retain the link while keeping the originality intact.
Synch with the mission of creating pathways through career to future, the Nims University has emerged as the largest and best self-financed university in North-India. Structured at par with the composite model universities of the leading nations of the world, the Nims University has been legendary in quality teaching and action oriented research in all disciplines. Adjacent to the Aravali ranges and located in the outskirt of the pink city of India, the University has been listed in the top ten medical universities in India and heading towards a leading center of education in health sciences to human sciences, technical training to advanced engineering, personnel management to corporate management, creative literature to innovative multimedia, art and architecture. The University is established under The Nims University Rajasthan, Jaipur Act, 2008 enacted by the Government of Rajasthan, and duly recognized by the UGC as well as apex level regulatory councils. Being an exemplary landmark in the area of Higher Education, its lush green campus, state-of-art infrastructure, and modern laboratory equipped with latest technology, interactive pedagogy, and academia with proven proficiency, the Nims University has been the paradise for thousands of on-campus as well as off-campus learners.

**“India Education Excellence Award-2013”**

**National Award to The Nims University -2015**
Best University in India for Innovations and Skill Development

Jointly given by
Ministry of Labour & Employment, National Skill Development Council, MSME, Government of India, Adjunct with ASSOCHAM on 20 January, 2015 at New Delhi
H’ble Minister of State Labour and Employment,
SRI BANDARU DATTATREYA
confering Award to
Prof.(Dr.) BALVIR S. TOMAR
H’ble Chairman & Chancellor, NIMS University, Jaipur
on 20/1/2015 at New Delhi
(President ASSOCHAM and Director General DGET are seen along)

**Global Environment Award 2015**

Given to the Nims University for The Outstanding Performance in Reducing Pollution and Environment Management
Jointly by Energy and Environment Foundation And Ministry of New And Renewable Energy (MNRE)
MESSAGE

I am happy to learn that the International Conference on Pediatric Gastroenterology, Hepatobiliary Transplant and Nutrition; Controversies and Consensus-New Dimensions to Explore” is being organized in the Nims University, Jaipur from 11-14, February, 2016.

I take this opportunity to extend my warm greetings and best wishes to the President PGHTNCON 2016 for the integration a symposium of Indian Medicinal system into this modern mega medical scientific event.

I hope this conference will provide advance understanding of normal development, physiology and pathophysiology of diseases of the gastrointestinal tract, liver and nutrition in children and it will also improve professional competence, quality of care, and patient outcomes by disseminating knowledge through different scientific symposia.

Message

I am happy to learn that the NIMS University of Jaipur is organizing an interdisciplinary International Conference on Feb, 11-14, 2016 in Jaipur India on the theme of Integrative Practice of Medicine where the specialists of different branches of medicine will deliberate on the emerging scope of integrative practice in the areas of their specialization. I send herewith my best wishes for the success of this unique event and my felicitations to the prospective delegates attending this conference.

The experiences of last few decades have made it clear that the paradigms in the field of medicine are shifting fast from illness to wellness, from disease to health, from mere medicine to lifestyle management and from intensive curative medicine to promotive and preventive health care. It has also become increasingly obvious that no one single system of medicine including Allopathy is adequate to tackle all health problems of humanity today and hence ‘Medical Pluralism’ is becoming a reality. India is the hub of Medical Pluralism for centuries. The extended demand of evidence based practice of Traditional medicine is now being adequately addressed at all levels with noticeable rays of hope as can be seen by the Nobel Prize of Medicine for 2015 going to Dr. Youyou Tu of Traditional Chinese Medicine for discovery of a breakthrough medicine for Malaria from a Chinese herb.

Prof. Ram Harsh Singh
Distinguished Emeritus Professor
Banaras Hindu University
Varanasi
On behalf of Six Sigma Healthcare, I (Dr. Pradeep Bhardwaj) convey my best wishes to National Symposium on "Indian Medicinal system into modern medicine- An approach by AYUSH" to be organized by Society of Pediatric Gastroenterology, Hepatology, Transplant and Nutrition (SPGHTN) at NIMS university Jaipur, Rajasthan, India on February 11, 2016. The aim of this symposium to explore interconnectedness of man & nature from an Ayurvedic point of view. The theme is very important and quite relevant to the present context. I hope this event will be a booster dose in healthcare sector. I must appreciate the Creativity, Brainstorming, Leadership and hard work done by Prof. (Dr.) Balbir Tomer, Chancellor – NIMS University.

I am also very happy to know that a large number of eminent scientist and clinician from all over the world will be participating in this mega scientific event and discuss their valuable research, innovation and experiences in area ayurvedic field. The event will also give good exposure to researchers to the research and latest development in Ayurveda. I invite all healthcare professionals to benchmark the best practices in above mega event at Jaipur.

My best wishes to all Delegates, Organizers, Speakers and Key Note speakers.

(Dr. Pradeep Bhardwaj)

I warmly welcome all esteemed delegates at NIMS Jaipur, Rajasthan, India.

On behalf of “Six Sigma Healthcare & Global Institute of Healthcare Management” I am pleased to write this message for my colleagues, esteem delegates from the participating countries. This symposium is a unique platform, where the delegates will get a chance to visit the unique university – NIMS, interactive demonstrations, case studies and vibrant posters etc.

The top speakers will inspire and encourage you to take the journey ahead in healthcare sector. I hope this event will add value in your knowledge and medical career. I would like to extend my sincere thanks to the Chancellor and Organizer of this symposium.

All the best... Let's do some value addition in making this event a great success.

JAI HIND!!

(Dr. Anita Bhardwaj)
Highlight of Symposium

- Focal Theme Pavilion: ‘Health Challenges and Ayurveda’
- Business opportunities for manufacturers and suppliers of medicines, herbal products, cosmetics, medicinal plants and raw materials, herbal extracts, equipment, instruments, allied utilities, publications etc.
- Actively supported by ministry of Ayurveda, Yoga and Naturopathy, Unani, Siddha and Homoeopathy (AYUSH)
- Business opportunities for manufacturers and suppliers of medicines, herbal products, cosmetics, medicinal plants and raw materials, herbal extracts, equipment, instruments, allied utilities, publications etc.
- Business opportunities for service providers such as hospitals, clinics, consultancy firms, research outsourcing centres, production outsourcing companies, product development institutions etc.

What does the work aim to achieve?

- Provide a much-needed showcase for the AYUSH sector in India
- Showcase the achievements of the AYUSH Councils
- Enable the ayurvedic industry, allied products and services to interact directly with the Consumers
- Facilitate interaction between the industry delegates
- Register Ayurveda in the minds of consumers
- Motivate students and researchers

Who can participate?

AYUSH Industry manufacturers | Traders | Hospitals | Clinics | Consultancy firms Research outsourcing centres | Production outsourcing companies Product development institutions | National & International Universities National & International Educational Institutions | Laboratories Resorts and spas | Ayurvedic hospitals | Cosmetics ~ manufacturers / Traders
Private Educational Institution | NGOs | Equipments ~ Manufacturers / Traders R & D Institutions | Book publishers |
Medical plant nursery / Cultivator herbarium

Scientific Highlight Programme:

- "Integrative practice of Ayurvedic medicine."
- "A Review of Concept of Integration Medicine with Modern Medical Science in the Light of Ancient Treatise of Ayurveda”.
- "Integration of Ayurveda with modern science without diluting its fundamental principles"
- Integrative approach based on Ayurveda for Public Health
- Ayurvedic research methodologies-imperative to create evidence conducive to preserve scientific principles and practices of classical Ayurveda
- Clinical Methods for integrating Ayurveda and Modern Medicine
- Enrichment of Modern Medicine by Ayurveda
- Amalgamation of ayurveda with allopathy: A synergistic approach for healthy society
- The importance of interdisciplinary research in Ayurveda
- Understanding clinical application of Intragative medicine

Registraon Terms & Condions

• Registration can be done through Cash / Cheque/Demand Draft/ Online payment gateway.
• Cheque/Demand Draft to be drawn in favour of “ Soc.of Pediatric Gastro Hepatology Transplant and Nutrition PGHTNCON 2016” payable at Jaipur.
Name, Mobile No., email id to be written on the reverse of Cheque/ Demand Draft. Please send cheque/ Demand Draft to the Conference Secretariat along with duly filled registration form.
• Please send the scan copy of transaction slip or provide the UTR (transaction number) along with the duly filled form to email pghtncon2016@gmail.com and hardcopy to be send to conference secretariat to complete the registration process (all bank transfer charges are to be paid by the delegate. Add the bank transfer charges to the amount you pay to your bank).
• Post Graduate students must submit a certificate/bona fide letter from Head of Department along with registration form.
• Accompanying persons & children will not be allowed to attend the scientiﬁc sessions and exhibitions.
• All Bank charges for remittance must be paid by the registrant.
• Please note that the fee must be transferred under the registrant’s name and must be stated on the receipt. For processing please send the receipt to PGHTNCON-2016 Secretariat by e-mail: pghtncon2016@gmail.com

Abstracts Guidelines
Font Type: abstracts should be prepared in Microsoft Word Arial, 12 point with single line spacing, typeface, with the title in boldface.
Abstract Text (250 words) Abstracts should be structured and organized to include the following:
• Background/rationale: indicate the purpose and objective of the research, the hypothesis that was tested or description of the problem being analyzed or evaluated.
• Methods: describe the setting/location for the study, study design, study population, data collection and methods of analysis used.
• Results: present as clearly and detailed as possible the ﬁndings/outcome of the study, with speciﬁc results summarized in a form. It is not desirable to simply state; like: “The results will be discussed.”
• Discussion: The study findings may be correlated with literature evidence
• Conclusion: briefly discuss the data and main outcome of the study.

Poster Size:
The size of the poster should be 3x4 feet. (Last date of Abstract Submission is 31° December 2015.)

Meeting Support Opportunities......

Invited symposia are chosen and organized according to scientific importance and timeless. Each of these symposia consist of invited speakers who are recognized experts in their field and are presented without competition. Intermittent slides of the Sponsor to be shown during pre and post lecture and sponsor name and logo on the backdrop.

Scientific Hall will be named by the sponsor company for One conference day i.e. Hall – B (xyz company)

Abstracts are presented at poster sessions each day of the conference, Posters are located in the Lawn.

The company will bear the cost of travel, hospitality and sightseeing, of the International speaker and in turn the company can advertise during the guest lecture. Speaker will be finalized with the consent of scientific committee.

The company will bear the cost of travel, hospitality and sightseeing, of the National speaker and in turn the company can advertise during the guest lecture. Speaker will be finalized with the consent of scientific committee.

Institute of organ transplant deliver personalized service to our patients and their families in a caring environment. Our surgeons using state of the art advanced and minimally invasive technology for living donors and transplant patients. We also look for new ways to provide organ transplant to patients who cannot be helped by other centers.
IN AND AROUND JAIPUR

THE CITY PALACE
It is a blend of Rajasthani and Mughal architecture. Arms, jewellery and royal dresses kept there give us a glimpse of life in those times.

HAWA MAHAL
The palace of winds is a stunning 5 storied semi octagonal monument having 152 windows with overhanging latticed balconies.

JANTAR MANTAR
This observatory has huge masonry monument used to study the sky. Even today the sun dials present give accurate timings.

IN AND AROUND RAJASTHAN

KUTUB MINAR
Qutub Minar is surrounded by several historically significant monuments, which are historically connected with the tower and are part of the Qutb Complex.

TAJ MAHAL
The Taj Mahal is regarded by many as the best example of Mughal architecture and is widely recognized as "the jewel of Muslim art in India".

AJMER
The Dargah Khwaja sahib is one of the holiest Muslim shrines. The Dargah is the final resting place of the great Sufi saint Khwaja Moinuddin Chisti - the bestower of boons.

UDAIPUR - LAKE CITY
The city of lakes is famous for tourist attractions like the imposing white edifice of the city palace situated right in the middle of Lake Pichola and the lake palace.

JODHPUR - SUN CITY
The blue city of India boasts of a rich heritage and culture with the magnificent Mehrangarh Fort and the exquisite Umaid Bhawan Palace.

JAISALMER - GOLDEN CITY
The glorious golden citadel of Thar today blooms with intricately carved havelis, old Jain temples and the glittering Sonar Kila.
